

## **PRESS RELEASE 19.07.16**

Cohen Cramer Solicitors raised over £1,000 for the British Red Cross via sponsorship for their team of runners in the recent Leeds 10K. The team of six were suitably refreshed with their colleagues at the annual staff barbeque that followed the event.

Entertainment (in the loosest possible sense) was provided by the 'Post-Jackson 5', Cohen Cramer's in-house band, consisting almost entirely of absolute beginner guitarists who were coaxed and guided through a selection of classic songs to the delight and amusement of the assembled throng.

A video of the gig will be available online unless a further £500 is received in donations within the next two weeks.
